

Honeywell Home

A new standard in convenience and comfort.

Introducing the FocusPRO® Thermostat Series

The new FocusPRO thermostat series is designed with HVAC professionals in mind. The lineup provides solutions that offer a seamless experience from installation to use. With broad system compatibility and fast and easy installation, these thermostats streamline your workflow. The user-friendly design, large backlit display, and flexible scheduling capabilities provide hassle-free installations and satisfy your customers.

Streamline your installations with FocusPRO thermostats – from non-programmable to programmable and smart solutions, ensuring quick setup, broad compatibility and enhanced functionality.

MADE FOR CONTRACTORS

Broad System Compatibility and Application

FocusPRO models support up to 3 heat/2 cool heat pump and 2 heat/2 cool conventional systems, plus single-stage 1 heat/1 cool models. Compatible with the Resideo Pro app.

Fast and Simple Installation

The UWP® wall plate allows for quick setup, making the installation process smooth and hassle-free. With clear instructions and a streamlined approach, you can minimize installation time and enhance client satisfaction.
