**L5 WiFi Water Leak
Shutoff Valve**

When fixing a homeowner's leak, recommend a proactive, cost-effective solution: the L5 WiFi Water Leak Shutoff Valve.

L5 WiFi Water Leak Shutoff Valve

Provide homeowners a cost-efficient solution to costly water leaks with the L5 WiFi Water Leak Shutoff Valve. Be the trusted source for water leak management by proactively offering the device to help prevent water leaks and costly damage for the homeowner. The L5 Shutoff Valve detects water leaks and automatically shuts off the water supply, helping to stop leaks before they cause major damage.

PRODUCT FEATURES

Be The Trusted Expert
Provide a proactive, smart solution while addressing current leaks, ensuring your customers are safeguarded against future water damage.

Affordable Leak Protection
The L5 offers an affordable solution for leak protection, helping homeowners avoid costly and time-consuming repairs from even the smallest leaks.

Automatic and Accurate
The L5 Valve shuts off the home's water supply when it detects water via the included 5-foot water sensor cable. Extend detection range up to 500-ft by adding additional Sensor Cables.

Better Together
By pairing devices together from the L Series family, build a comprehensive water leak detection system that includes enhanced humidity and temperature monitoring.
